
Christian Meister, Independent, for Lee County Sheriff!

On November 6th, you will have the power to elect a Sheriff who will respect, protect, and serve every person in Lee County, regardless of their ethnicity, religion, political affiliation, social beliefs, or income level.

Let's work together to address your concerns—effectively!—*The People's Sheriff!*

Vote Christian Meister for Sheriff on Nov. 6, 2012!

Our Founding Fathers fought for our *freedom*, economic *prosperity*, and to keep government out of our lives. The Sheriff has sworn an oath to *protect* the Constitution and to fight government intrusion. Your *unemployment*, your loss of business assets, the *devaluation* of your property, and the destruction of our currency are the result of government that has conspired with the financial institutions, for extreme profits for only a few individuals who now continue to abuse you and taxpayers. It is no longer an issue of rich versus poor. It is an issue of all of us against a very *few* and extremely rich individuals who have ripped off the American people.

If you want a sheriff who creates policies that will protect your rights and believes like Sheriff Richard Mack does, elect Christian Meister! — Local People! — Local Choices! — Local Sheriff!

There are only two things you need to do!

1. Listen to Judge Napolitano's audio book on CDs, Lies The Government Told You. Borrow it from your local library, or request that they order it for you at no cost to you!
2. Order Sheriff Mack's book, The County Sheriff: America's Last Hope, to find out what a local County Sheriff can do for you (if he really wants to), available for about \$10 at www.sheriffmack.com.

After that and not before, you will be well informed. Find out how you are being abused, to what extent, and who is doing the abusing. Know what government and media is keeping from your eyes today (and tomorrow if you do not stop them).

1. Restore America on Nov. 6th by voting for a sheriff candidate who understands the process of law!
2. Let them know that States and Counties are not the *puppets* of the federal government!
3. Let them know local government, judicial or legislative, is done abusing our Constituents!
4. Vote for a sheriff candidate who will uphold the *oath* of office and protect the Constitution!
5. I won't *botch* the crime rate so that I can take credit for a low crime or brag about it when crimes are down nationwide.
6. I believe in communication that allows people to share their ideas because that is how *progress* is made!
7. My background includes dealing with abused, neglected and abandoned children, adjudicated dependent on the State (FL).
